

# TEAM PRP SHIPPING GUIDELINES

## LARGE AND OVERSIZED ITEMS

1. **TRUCK BEDS OR ANY OTHER PART EXCEEDING 92" IN WIDTH**
  - a. We cannot handle any part exceeding 92" in width that will be traveling on any leg of a route using a 53' van trailer. Parts in excess of 92" in width will not fit into our 53" vans.
  - b. However, our open trailers do not have a width restriction, so you can ship parts in excess of 92" on open trailers when the entire truck route (from beginning to end) will be on open trailers.
  - c. Many dually truck bed are in excess of 92" in width. If possible remove the flairs to comply with the width restriction.
